

2009
38th Festival of the Arts Exhibitors

METAL WORK

***FUNKTIONAL STEEL ART**

BOOTH# 48

Faye Anderson

Works of art are created with various gauges of bar and sheet stock steel. No prefabricated objects are used; all creations are original.

***PEWTER CRAFTER OF**

CAPE COD

BOOTH# 10

Ron Kusins

The traditional items are derived from the simple, clean designs of the late Colonial period. The Contemporary items are of my own design and reflect a commitment to the elements of classical form - well defined lines and elegant curves, resulting in a balanced and harmonious whole.

***THE SILVER SPOON**

BOOTH # 63

Steven Manning

Recycled Silverware transformed into functional art
