### **PALETTE KNIFE;**

Painting (Palette) Knife: VERY IMPORTANT, maybe even more important than good brushes! Used for mixing, not painting but the handle needs to be angled so you don't get your arm or hand on the paint. I use RGM #5 Plus Palette Knife. Also the Loew Cornell steel palette knife three inch trowel #03107-1003 looks the same.

### **BRUSHES;**

Two of #2 and two of #0 Silver Bristlon 1903 filbert brushes (Cheap Joe's has them)

### **OTHER STUFF;**

B&B Masters Brush Cleaner in a small tub, pencils, masking tape, 9x12 inch paper palette pad or Reynolds Freezer Paper to use as a palette on foam core board 9x12 , masking tape, few sheets of tracing paper, 6 zip lock bags about 4x6 inches for organizing paint tubes, 1 sheet of carbon paper, 1 Sharpie fine point permanent marker, eight to ten ¼ or ½ inch thick masonite or plywood cut to 3 x 4" which should be gessoed.

You might want to save small strawberry or tomato plastic containers- they make good portfolios to bring home wet paintings!

Please let me know if you would like me to bring boards. They are \$1 each and are gessoed. Email me at [joycewashor@joycewashor.com](mailto:joycewashor@joycewashor.com) if you're planning on doing this!

Thanks!

### **BOOK;**

Big Art, Small Canvas Joyce Washor, North Light Publishers

*\* You can use my paints for the week for supply fee of \$30. Please email me at [joycewashor@joycewashor.com](mailto:joycewashor@joycewashor.com) if you're planning on doing this! Thanks!*

\*I've made some changes in my palettes. I can email you pictures of new pages of book that explain the three different palettes.

Please no mediums or turps of any kind (including turpenoid). Let's be considerate of others in the class and health issues! Since our brushes are small they can be cleaned with Masters Brush Cleaner.
